The FBC Fellowship Community Center with a full house and everyone enjoying the "critters"!

March 17, 2011 Swansea - **The Faith Baptist Church of Swansea presented their 6th annual Wild Game Critter Cook feast Thursday evening with a full house attending. Pastor David Carter welcomed visitors from many areas of South Carolina. This ministry has evolved into a wonderful community fellowship over the years and many FBC members work diligently to be sure everything is just right. Numerous duties are necessary to successfully produce an event such as this and many labor long hours into the night and previous day and even weeks before, to be sure everything is prepared to a chef's perfection! Special thanks to the kitchen crew and to all other helpers that made this event successful! May God bless each of you for your contributions, donations, and support!**

Menu this year consisted of frog legs (featured specialty), and various concoctions of venison; quail prepared by the Swansea Coffee Shop; fried chicken feet; rabbit smothered in gravy, fried rabbit; wild boar barbequed or spare ribs; turkey & ham; catfish and oyster stew; pork and pork barbeque; chicken and dumpling; meatballs, and various varieties of bread suitable for the occasion. Green beans, rice, hash, corn, macaroni & cheese, coleslaw, and desserts galore all adorned the long buffet style dining tables.... a feast to be remembered!

The FBC Ladies Trio gave an excellent rendition of "Fear Not Tomorrow" followed by FBC's soloist James Deal with a great rendition of "Cause Jesus Said So." Lee Floyd gave an interesting and informative presentation on the creation of "Ironman Outdoors" ministry and what it is all about. You are invited to visit with them at their website: www.ironmanoutdoors.org . This is truly a wonderful ministry.
